PROFESSIONAL SUMMARY

Highly skilled and motivated Frontend Developer with a passion for creating visually appealing, and user-friendly web applications. I am dedicated to delivering high-quality code and exceptional user experiences. Seeking opportunities to leverage my expertise in frontend development to contribute to innovative projects and grow professionally.

SKILLS

- Proficient in HTML, CSS, JavaScript, and modern frontend frameworks (React).
- Strong understanding of responsive web design principles, ensuring seamless user experiences across various devices and screen sizes.
- Experience in translating UI/UX designs and wireframes into efficient and interactive web pages.
- Knowledgeable about version control systems (Git) and collaborative development workflows.
- Familiarity with frontend build tools (Webpack, Gulp) and package managers (npm, Yarn).
- Ability to optimize website performance and implement SEO best practices.
- A keen eye for design aesthetics, with a focus on creating visually appealing interfaces.
- Excellent problem-solving and debugging skills, adept at troubleshooting and resolving frontend issues.
- Effective communicator and team player, capable of collaborating with cross-functional teams.

EDUCATION

FEDERAL UNIVERSITY OF TECHNOLOGY OWERRI

Owerri, Imo State

Bachelor of Engineering in Mechanical Engineering November 2017 - November 2022

LANGUAGES

English (Fluent)

PROJECTS & ACCOMPLISHMENTS

IP Address Tracker

Overview: Implemented an intuitive user interface with a clean and minimalistic design. Integrated with an IP geo-location API to fetch accurate, and up-to-date data. Implemented error handling, and validation to enhance the application's reliability. Users can input an IP address, and the application provides data such as location, ISP, and timezone.
